MEMORANDUM FOR: Chief, Legislative Liaison Division  
Office of Legislative Liaison

ATTENTION:

STAT

FROM:

Director of Security

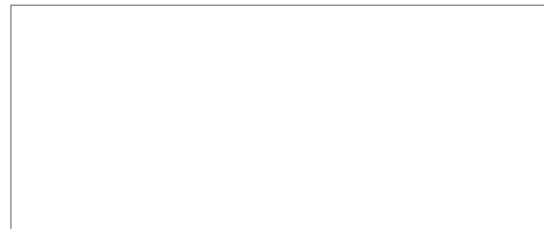

SUBJECT: Office of Security Comments Regarding Proposed  
OLL Response to OMB Guidelines for Legislation

REFERENCE: OLL Routing and Record Sheet dated 5 April 1984  
(OLL 84-0976/1)

1. The Office of Security has reviewed the proposed letter to the Office of Management and Budget (OMB) regarding guidelines for legislation involving Federal criminal law enforcement authorities.

2. While this Office concurs with paragraphs one and two of the proposed letter, we believe that the remaining paragraphs may leave OMB with the clear impression that we intend to provide only internal training for our new Agency Protective Officers. Although this alternative initially appeared attractive, we are now inclined to participate in an appropriate external law enforcement training program on a trial basis. This decision should not, however, preclude the possibility of adopting an internal training program at some future date if experience shows that such a training program would better meet this Agency's needs.

3. This Office defers to the Office of Legislative Liaison and the Office of General Counsel regarding the need for any possible legislation or other action to support the training goals outlined above.
